

2009 Karitos Volunteer Policy & Agreement Form

Our procedure in regard to volunteers is as follows:

If you volunteer for one three-hour shift during the conference you will receive 25% off of your registration fee. If you volunteer for two three-hour shifts you will again receive 50% off.

You will be notified of your shift days/times two weeks prior to the conference. If you are assigned to work at 3:00 p.m., Thursday, July 16, you must report to the volunteer station in the foyer of the church at 2:45 p.m. If you are assigned to work at any other time on Thursday you will report at 5:30 p.m. If you are assigned to work at registration either Friday or Saturday you will report at 7:45 a.m. on your assigned day. If you are assigned any other time or duty you will report at 8:45 a.m. on the day of your shift.

We appreciate the invaluable service that you as a volunteer provide to Karitos and we want your time at the conference to be blessed. In the event that you have a conflict between your scheduled shift and a workshop of particular interest, it may be possible that you can trade shifts with another person on the volunteer list. At the same time, we want you to know that you will be working at the discretion of the Volunteer Coordinator and it may not be possible for you to attend every workshop that you would like.

We are instituting these changes to insure that those who volunteer are clear about their commitment, and that all volunteer duties are covered once the conference begins. In the following paragraph, you will see one other change that, while it may impose a hardship on some, is being done to assure that those who volunteer will take their commitment to Karitos (and to the Lord) seriously.

I have read the terms of this agreement and will (as the Lord allows) agree to serve as a volunteer at Karitos 2009.
